CLASS ACTION

DECLARATION OF
 MARVIN L. FRANK
 IN SUPPORT OF
 LEAD PLAINTIFFS' MOTION
 FOR DISTRIBUTION
 OF SETTLEMENT FUND
 AND PAYMENT OF SETTLEMENT
 ADMINISTRATION EXPENSES

1 I, MARVIN L. FRANK, declare:

2 1. I am a member of the law firm of Rabin, Murray & Frank LLP, counsel for Lead Plaintiffs
3 and the other members of the Class in this Action. This Declaration is submitted in support of Lead
4 Plaintiffs' Motion for an Order Approving the Distribution of the Settlement Fund and Payment of
5 Settlement Administration Expenses. After the deduction of Court-approved attorneys' fees and
6 expenses and settlement administration expenses requested herein, the distribution will result in
7 participating Authorized claimants receiving a *pro rata* share of \$1,246,891.94 plus any subsequently
8 accrued interest thereon.

9 **THE SETTLEMENT AND THE SETTLEMENT FUND**

10 2. Under the terms of the Stipulation of Settlement, dated October 24, 2002, as approved by
11 the Court's Memorandum Re: Final Approval of Proposed Settlement and Plan of Allocation, dated
12 July 3, 2003, defendants have paid \$1,820,633.34 into a Settlement Fund account for distribution
13 to the Class and Class Counsel in accordance with the Stipulation of Settlement. After deduction
14 of attorneys' fees and reimbursement of expenses of \$558,730.77 approved by the Court, and
15 additional settlement administration expenses of \$23,228.96 requested herein, the net Settlement
16 Fund is to be distributed *pro rata* to those Class members who submitted valid and timely proofs of
17 claim and who did not request exclusion from the Class, in accordance with the Plan of Allocation
18 approved by the Court.

19 **REVIEW OF CALCULATIONS**

20 3. The Class consists of all purchasers of Stan Lee Media, Inc. ("Stan Lee Media") common
21 stock between August 23, 1999 and December 18, 2000, inclusive (the "Class Period"), excluding
22
23

defendants, members of the families of the individual defendants, and officers, directors, and affiliates of defendants.

4. Attached hereto as Exhibit 1 is the Affidavit of Brian C. Burke of The Garden City Group, Inc. ("GCG"), the administrator of the Settlement, sworn to April 6, 2004 (the "Burke Affidavit"), in which he describes, *inter alia*, the claims administration process. Attached to the Burke Affidavit is a report listing all those who timely submitted valid proofs of claim, (Burke Affidavit, Ex. B), a report listing all those who submitted untimely but otherwise valid proofs of claim, (Burke Affidavit, Ex. C), and a report listing all those who submitted proofs of claim that were rejected (Burke Affidavit, Ex. D). The Burke Affidavit also details the efforts to ensure that all who were entitled to participate in the Settlement had the chance to do so.

5. The following tables sets forth the relevant calculations:

SETTLEMENT FUND DISTRIBUTION	
TABLE	
TOTAL IN FUND	\$1,820,633.34
(Less) Attorneys' fees and expenses	\$558,730.77
(Less) Administration Expenses of GCG	\$23,228.96
(Plus) Interest Accrued	\$8,218.33
NET CLASS DISTRIBUTION	\$1,246,891.94

6. Pursuant to the Stipulation of Settlement, each Class member is to receive the proportionate share of the Settlement Fund that his recognized loss bears to the total recognized losses of all the eligible Class members.

DISTRIBUTION OF SETTLEMENT FUND

7. The procedure for administering the Settlement is set forth in detail in the Burke Affidavit. Notice of the Settlement was sent to all purchasers of Stan Lee Media common stock during the Class Period insofar as they were identified by Stan Lee Media's transfer agent. Instructions were given that proofs of claim be submitted by April 10, 2003. In total, 482 separate claims were submitted, of which 308 claims were determined to be valid, as detailed in Burke Affidavit, Ex. B, 13 claims were determined to be valid, but were submitted untimely, as detailed in Burke Affidavit, Ex. C, and 161 claims were rejected as not being eligible for the reasons set forth in Burke Affidavit, Ex. D.

8. No Class members requested exclusion from the Class.

9. No objections to GCG's treatment of claims has been made.

10. GCG has submitted a request for payment of \$23,228.96 for services rendered in connection with the administration of the claims which includes the costs incurred in providing notice of the Settlement. (Burke Affidavit, Ex. E).

11. Submitted herewith is a Proposed Order authorizing the distribution of the Settlement Fund as provided herein to those members of the Class who regardless of timeliness submitted valid proofs of claim and to GCG.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on April 15, 2004.

AFFIDAVIT OF BRIAN C. BURKE

STATE OF NEW YORK)
) ss:
COUNTY OF SUFFOLK)

Brian C. Burke being duly sworn, deposes and says:

1. I am a Senior Manager of Operations for The Garden City Group, Inc. ("GCG"), which was retained as Claims Administrator in connection with the settlement of the above-captioned litigation (the "Litigation"). I have personal knowledge of the facts stated herein.

DISSEMINATION OF NOTICE AND PROOF OF CLAIM

2. Pursuant to the Court's Order re: Final Approval of Proposed Settlement and Plan of Allocation, dated July 3, 2003, and as fully explained in the Affidavit of Brian C. Burke, dated January 23, 2003, GCG mailed 564 Claim Packets to potential Class Members, and 1,951 Claim Packets to banks and

brokerage institutions on December 20, 2002 (the "Initial Mailing") and arranged for the publication of the Summary Notice in the National Edition of PR NEWswire on January 6, 2003.

3. Subsequent to the Initial Mailing, GCG received 1,958 names and addresses of potential Class Members either in the form of lists, labels disks, or emails provided by brokers and nominees or through correspondence from individuals. Also, other brokers and nominees requested another 576 Claim Packets to distribute directly to their customers whom they identified as potential Class Members. An additional 105 Claim Packets were mailed as a result of undeliverable mail with new addresses returned by the Post Office. Thus, in aggregate, 5,154 Claim Packets were disseminated to potential Class Members through April 6, 2004.

CLAIMS PROCESSING PROCEDURES

4. In response to these mailings, GCG received a total of 482 Proofs of Claim, including 461 postmarked on or before the filing deadline of April 10, 2003, and 21 postmarked thereafter. GCG staff processed all claims received and found 321 to be acceptable in whole or in part (once deficient conditions were cured) without regard to timeliness, and 161 to be ineligible, otherwise deficient, or having no net loss when calculated in accordance with the Court-approved Plan of Allocation. In processing the claims, GCG performed the following tasks:

- a) conferred with Counsel for Plaintiffs' to define the project and guidelines for claims processing;
- b) trained staff in the specifics of the project;
- c) developed and modified programs for entry of indicative and detail information;
- d) entered new addresses into the database on returned Claim Packets and remailed;
- e) sorted incoming mail into claims and administrative mail;

- f) established numerical control over incoming claims;
- g) responded to phone inquiries concerning Claim Packets, Deficiency Letters, and status of the Litigation;
- h) entered data relating to claimant identification and transactional information provided by claimants;
- i) established internal claim codes (also known as "message codes") to identify and classify types of claims and conditions that exist within the claims;
- j) prepared the text and format of Deficiency Messages and Letters;
- k) generated and sent Deficiency and Ineligibility Letters to claimants;
- l) evaluated responses to Deficiency Letters;
- m) performed audit procedures to review claim data to insure integrity of the database; and
- n) developed and tested the calculation program.

5. From the beginning of the project through April 6, 2004, in addition to the 482 claims received, GCG processed a total of 439 pieces of incoming mail. This included responses to Deficiency Letters and administrative mail in the form of address changes, project status requests, and undeliverable mail.

6. Our staff developed and implemented standard message and letter texts to inform claimants of any deficient conditions or ineligibility of their claims. We entered a total of 1,752 message codes denoting status or conditions pertinent to the claims into our computer system.

DEFICIENCY/INELIGIBILITY LETTERS

7. GCG generated and sent Deficiency Letters to claimants whose claims contained incomplete information or documentation, requesting that these claimants correct the deficiencies within their claims. GCG sent Ineligibility Letters to those claimants whose claims were determined to be ineligible because they did not fit the definition of the Class approved by the Court, they submitted duplicate claims, or their claims did not result in a net loss based on the Plan of Allocation approved by the Court. All such claimants who were sent Ineligibility Letters were advised of their right to be heard before the Court if they did not agree with our determination. In response to these letters, GCG did not receive any request for a Court hearing or objection to our determinations. GCG created and mailed five types of letters:

- a) Deficiency Letters to all claimants whose claims were incomplete or undocumented in whole or relevant part - GCG mailed 401 such letters;
- b) Ineligibility Letters to all claimants whose entire claim did not fit the definition of the Class approved by the Court - GCG mailed 25 such letters;
- c) Ineligibility Letters to all claimants who submitted duplicate claims - GCG mailed 11 such letters;
- d) Ineligibility Letters to all claimants whose specific transactions did not fit the definition of the Class approved by the Court - GCG mailed 8 such letters; and
- e) Ineligibility Letters (the "No Loss Letter") to all claimants whose claims did not result in a net loss when calculated in accordance with the Court approved Plan of Allocation formula - GCG mailed 36 such letters.

8. Attached hereto as Exhibit A is a set of these five types of letters, one or more of which was sent to claimants whose claims were ineligible or incomplete.

QUALITY ASSURANCE

9. An integral part of all of our claims administration projects is the Quality Assurance review. Once all of the claims have been processed, Deficiency and Ineligibility Letters have been mailed, and deficiency responses reviewed and processed, GCG's Quality Assurance unit performs a final project wrap-up in order to ensure correctness and completeness of all of the claims processed prior to preparing our final reports to counsel. Here, in connection with this Quality Assurance process we:

- a) checked that all otherwise "valid" claims that do not have proper Social Security Numbers were given a "message" flagging the computer system to denote that condition;
- b) determined that valid claims have no messages denoting ineligibility;
- c) determined that claims that are ineligible have messages denoting ineligibility;
- d) determined that claims that contained purchases that occurred after the Class Period contain appropriate messages;
- e) determined that claim detail (transactional) messages appear only on claim detail records;
- f) determined that claimant identification messages appear only on claimant identification records;
- g) determined that all claims requiring Deficiency/Ineligibility Letters were sent such Letters;

- h) performed a final review of all deficient claims;
- i) reviewed claims with large dollar losses;
- j) sampled claims that were determined to be ineligible, including those with no net loss, after being calculated in accordance with the Plan of Allocation in order to verify that all transactions had been captured correctly; and
- k) tested the accuracy of the calculation program.

10. In support of the work described above, the GCG computer staff designed, implemented and tested the following programs unique to this Litigation:

- a) calculation program with descending dollar and alphabetical order lists; and
- b) check writing programs.

DISTRIBUTION OF THE SETTLEMENT FUND

11. Attached hereto as Exhibit B is a list of the Total Recognized Loss Amount for all Authorized Claimants, which sets forth in alphabetical order each claimant whose claim is timely and valid and that claimant's total net loss. The Total Recognized Loss Amount for all Timely and Valid Claims is \$2,406,756.55.

12. Attached hereto as Exhibit C is a list of the Total Recognized Loss Amount for all Late Postmarked But Otherwise Authorized Claimants, which sets forth in alphabetical order the name of each claimant whose claim was postmarked after the April 10, 2003 Court-ordered filing deadline, but is otherwise valid, with each claimant's net loss. The Total Recognized Loss Amount for all Late Postmarked But Otherwise Authorized Claimants is \$10,551.25.

13. Attached hereto as Exhibit D is a list of Ineligible Claimants, which sets forth in alphabetical order the name of each claimant with an invalid claim and the reason for their ineligibility based on the Stipulation of Settlement and Court-approved Plan of Allocation.

14. All proceedings performed by GCG with respect to the distribution of Settlement Fund, including disputed questions of law and fact in connection with the validity of claims, shall be subject to the supervision and direction of the Court. To carry out such orders as the Court may issue respecting the distribution of the Settlement Fund to claimants with valid claims as reflected in Exhibits B and C, the GCG staff will undertake the following tasks:

- a) calculate the ~~gross~~ net distribution amounts from the Settlement Fund after payment of administrative fees and expenses and taxes (the "Net Settlement Fund") by comparing the Authorized Claimants' Total net loss with the dollar value of the Net Settlement Fund at the time of distribution;
- b) prepare checks and check registers, and mail checks by prepaid first class mail;
- c) issue replacement checks upon request by payee;
- d) respond to inquiries about checks and claim calculation; and
- e) retain records until further direction of the Court.

APPLICATION FOR DISBURSEMENT OF FEES AND EXPENSES

15. Attached hereto as Exhibit E is GCG's final invoice in the amount of \$23,228.96 including an estimate of fees and expenses required to complete the administration of the Settlement.

16. Based on the foregoing, GCG respectfully requests approval for payment of these fees and expenses from the Settlement Fund.

17. GCG respectfully requests authorization to destroy hard copy claim forms and supporting documents not less than one year, and magnetic media data not less than three years, after distribution of the Net Settlement Fund.

Count Of Claims: 181

No Loss- the claim did not result in a recognized loss as per the Plan of Allocation.

Duplicate- the claim was a duplicate of another claim filed for the litigation.

Intrinsically Ineligible- the claim could not be calculated as per the Plan of Allocation. The claim filed may not have had purchases in the Class Period.

Fatal Header- This represents a deficient condition that was never cured. The deficiency affected the entire claim. An example of this is a claimant not providing documentation for the claim.

Fatal Line- This represents a deficient condition that was never cured. The deficiency affected a specific transaction in the claim. An example of this is a claimant not providing documentation for the unsold position at the end of the class period.
